Subject: July 2010 SCHMRT Drill Recap

[Drill Attendance Roster and additional documents attached]

[DRILL RECAP](#)

Ever really look forward to teaching a favorite class only to have the wheels come off your plan right at the start? This was my day at our last SCHMRT drill on July 21, 2010. Our topic – Chemistry; location – Redding City Council Chambers. Our 28 attending team members were fantastic, but I certainly was not. Skip the boring details, but my final solution to the day: let's watch haz mat video after haz mat video on a variety of chemical emergencies to fill the remaining training time. Not my favorite method of instruction; but this is the way it was – not proud of it.

The team did engage in a review of chemistry basics and some Powerpoint presentations on very critical target hazards: chlorine and anhydrous ammonia. From that point on, however, after being displaced from the City Council Chambers, it was movie time for the team. We viewed the latest DVD additions to the SCHMRT library on Corrosives: Sulfuric and Hydrochloric Acid Responses, Misc Waste: Class 9 Hazardous Waste Responses, Toxic and Infectious Substances: Pesticide Release Responses, and Gases: Chlorine and Anhydrous Ammonia Emergencies.

I will revisit this whole chemistry topic again in the future; but I'm glad this one is now in the past. Many thanks to our SCHMRT members for their patience and understanding in our/my drill day challenges.

[TEAM TYPING](#)

We continue slow progress in this effort. I am now being assisted by two RFD SCHMRT members who are working light-duty injury assignments. Very grateful to have this valuable assistance.

[TEAM RECAP](#)

SCHMRT Administrators Group approved the SCHMRT Ops Manual Revision at the July 22, 2010 Administrators meeting. The revised SCHMRT Ops Manual can be viewed or downloaded from our website at www.schmrt.org.

GENERAL

1. Workgroup Leaders/Managers:

- Clint Swensen: SCBAs
- Kevin Ward: Documents and Forms
- Cyndi Freeman: Member Records
- Rod Moore: Suits and Suit Maintenance
- Rob Pitt: Inventory Management
- Kyle Johnson: Communications Equipment
- Rik Valles: Technical Reference
- Scott Packwood: HM-24 Apparatus Issues

The Team Leaders are those individuals who continue to make things happen on this team. It is truly a thankless job, but I do want to take a moment and thank each and every one of the SCHMRT Workgroup Leaders and encourage them to continue in their assignments.

2. SCHMRT.ORG

Reminder to visit the team website at www.schmrt.org regularly for updates.

3. SCHMRT Incident Log

You will notice that I have included a YTD SCHMRT incident log in this report. This is a record of incidents (large & small) that were mitigated with the assistance of SCHMRT members. I feel it is important to understand that the SCHMRT is not only prepared for the "large incident" but we are ready to render technical assistance on any hazardous materials incident. Thank you to team members for forwarding incident reports.

As always, I am available for any questions and/or comments about the SCHMRT.

Gerry

Next SCHMRT drill: August 18, 2010 at 0900hrs

Circuit Stations (Location: TBA in Redding)

2010 SCHMRT INCIDENT LOG
