DRILL RECAP

On August 17, 32 members of the SCHMRT assembled for our monthly drill in Trinity County at the Weaverville Fire Department. Shasta County Fire, CalFire, Redding Fire, CHP, Shasta County Sheriff's Department, and Siskiyou County Public Health were all represented on the team during this drill.

The drill was a large scale exercise involving both SCHMRT and local agencies. The drill scenario consisted of an "unknown white powder" dumped along a local creek. A child was said to have contacted the powder and suffered serious injuries. The child had already been decontaminated and transported to the hospital for treatment (simulated of course); it was now the SCHMRT duty to collect a sample of the unknown powder, analyze it, and provide direction to local authorities on how to best mitigate the hazard.

SCHMRT deployed a standard Level A entry team which accomplished the objectives of the exercise. Overall, a good team effort in Trinity County. My warm appreciation to our host: Weaverville Fire Chief Scott Alvord. Additionally, I wish to thank Trinity County Sheriff Bruce Haney, Undersheriff Ken Langston, Lynn Ward, Environmental Health staff Peter Hedtke, and the local CHP Officers who participated in the drill.

TEAM TYPING

Both Shasta County grants have been expended now as we have purchased the last of the items for the Team Typing project. We have requested the Team Typing Inspection from CalEMA...likely to occur in November or December of 2011. Given that Redding Fire Station 2 is vacant due to staffing reductions, we will likely move HM-24 into Station 2 for the inspection. The unit will be out of service for approximately three days as all of our inventory will be laid out on the bay floor. I will make necessary arrangements during that period with our CHP haz mat partners to provide continuous coverage to our six-county jurisdiction.

TEAM RECAP

Reminder: SCHMRT Administrators Meeting October 20, 2011 at 0930 hrs at SHU CalFire in Redding.

Our next team drill (Sept 21) will be a Level A Exercise in Shasta County at the Clear Creek Community Services District. The drill will start at around 1000 hrs to allow for travel time (our team does not just travel from Redding, but from six surrounding counties as well.) This facility is a waste water treatment plant so the exercise scenario will surely involve chlorine.

RFD Captain Mike Gould shipped our radiological equipment to Southern California for annual repairs and calibrations. During the shipment our Victoreen rad detector was destroyed by the shipper. Fortunately, Mike had insured all of the items and the team will be compensated for the damages by the shipper. We will not replace the Victoreen at this time. The CHP team has one and we also have other detectors and devices on HM-24 which will address our radiological needs. All remaining radiological equipment was inspected, calibrated, certified, and returned to us.

The Team Leaders are those individuals who continue to make things happen on this team. It is truly a thankless job, but I do want to take a moment and thank

each and every one of the SCHMRT Workgroup Leaders and encourage them to continue in their assignments.

2. SCHMRT.ORG:

Reminder to visit the team website at www.schmrt.org regularly for updates.

3. SCHMRT Incident Log:

You will notice that I have included a YTD SCHMRT incident log in this report. This is a record of incidents (large & small) that were mitigated with the assistance of SCHMRT members. I feel it is important to understand that the SCHMRT is not only prepared for the "large incident" but we are ready to render technical assistance on any hazardous materials incident. Thank you to team members for forwarding incident reports.

As always, I am available for any questions and/or comments about the SCHMRT.
